New Style Celebration Assembly

We have been joined by Year 6, 5 3, and 2 parent over the last half term. Feedback is very positive with parents commenting on the more personal nature of the assemblies. In general you feel this is an improvement on previous years style of celebration assembly.

The new style assemblies are lead by the class teacher, celebrate the work of the children in the class and encourage peer to peer support and mutual respect. Thank you so much for your supportive comments.

Compliments

Some children will have been selected over the recent weeks to receive compliments from their friends. Again I gather, from your feedback, that this is proving a positive experience for the children and you.

Improving communication

You will also have noticed the change to the style of newsletters. I have tried to keep them shorter with key information on them. Additional bulletins are produced weekly to provide other information linking to the work of the school.
