

Eastlands Primary School

October 2021 Travel plan update

Eastlands is working very closely with the Road Safety Education Team at Warwickshire County Council. We are committed to helping children and families be more active on their journeys to school.

In school we have planned teaching visits for :-

- Reception class - Through games, song and story children will be introduced to key road safety messages, including the importance of always holding hand with a trusted adult and stopping before the kerb.
- Year 1 - Children will be invited to put on their thinking hats, find their magnifying glasses and turn on their listening ears in preparation for becoming Road Safety Spies. They will complete several top-secret missions to help them learn and remember how to stay safe with their adults. They will be introduced to key vocabulary, the Road Safety Code, and safer places to cross the road, and taught to recognise unsafe places to cross, such as between parked cars and on a bend.
- Year 2- Scooter Safety Assembly
- Year 3- Road Safety Superheroes
- Year 4- Safety through the seasons. Using observational activities, engaging visuals and class discussion opportunities, this scientific themed video builds on prior road safety messages to deliver a timely reminder about how to keep safe on darker days and evenings and the importance of seeing the dangers.
- Year 5 - Dangerous Distractions
- Year 6 - Transition to Secondary Focus and are signposted to local cycling proficiency programmes

So far Eastlands have already achieved Bronze and Silver Travel Awards.

Eastlands Primary School

To achieve these awards we have undertaken surveys, information campaigns and in school teaching. In the summer term we held a Walk to School Week. This term we have promoted October International Walk to School Month

Currently we working with the LA to find safe places for parents to park to reduce congestion and pollution levels at the front of the school

Thank you to all our families who have supported so positively and made this possible. You have been brilliant!

Together Lets Go for Gold

See pages 3-5 for families seen scooting, cycling or parking away from school and walking in.
