## Webinar to help families with children aged 0-5 with special educational needs or disabilities in Warwickshire

Warwickshire County Council is hosting another special educational needs and disabilities (SEND) webinar on Tuesday 4 October to support parents-to-be and parents with children aged 0-5.

The webinar offers an opportunity to understand more about the support provided by the local Health Visiting Service, with a particular focus on children with SEND.

Health Visitors offer advice on a range of topics from eating, sleeping and toileting as well as housing, relationships and caring for and making connections with your child. They play a vital role, working in partnership with parents to assess needs and identify problems or issues at the earliest opportunity.

The webinar will explain how health visitors will work with families and other agencies to improve health and wellbeing for the whole family, looking in more detail at the support the service offers for children aged 0-5 years with SEND.

During the session, parents and carers will also be able to put their questions to the 0-5 team from South Warwickshire University NHS Foundation Trust.

The webinar takes place on Tuesday 4 October, 1.30pm - 2.30pm and you can register to attend at: <https://bit.ly/HealthVisiting>
