**Streets Project**

Warwickshire County Council would like to deliver [School Streets](#) which aims to create an active, safe and healthy environment near schools.

We are pleased to announce a pilot School Street at Eastlands Primary School as part of creating vibrant places with safe and inclusive communities.

This will protect children from traffic at the school gate, ensure that children breathe clean air, and encourage more children, parents and carers to travel actively and walk, scoot and cycle to school.

School Streets also help to reduce congestion and pollution surrounding schools.

**Warwickshire County Council's School Streets Team  
will visit Eastlands Primary School on**

**29<sup>th</sup> June from 2:30 to discuss School Streets with  
parents/carers and neighbours.**

**We look forward to seeing you**
